(RESPONSIVE)

Business Model

Execution

Ethical and professional behavior is the bedrock of our company. We treat all of our customers equally and politely; the demands of the industry do not dictate the professional relationships we create.

Flexible Team Structure

Each member of our team is cross-trained with a specific focus safety and responsiveness. Empowering them with technology for faster and easier workflows and providing annual training seminars. With dedicated departments, employees undergo training related to their unique operational needs as well as general practices, ensuing our clients have a consistent a-rated experience across the board.

Where We Are

Core Headquarters

The nurturing South Florida area has allowed our capabilities to grow with scale, further passing unique ROI focused services to the 3PL industry. From a regional location of Miami, Florida, FreightHub taps into multiple sites throughout the United States. With unique staff trained for the unique aspects of the 3PL chain FreightHub, DRAYHub, HazmatHub, FTLHub & LTLHub.

(TECH)

Enhanced Operations

IOT CAPABILITIES

We have strategically placed each one of our locations to provide optimized routes- close to major ports, highways and hubs.

Cross-connected with IOT powered devices allows us to provide real-time updates and insights.

MAGAYA (WMS) SYSTEM

Magaya (WMS) was designed from the ground up to manage warehousing & storage sites effectively. WHSEHub empowers the system with additional technology to supplement our eco-friendly and cost-effective operations.

REAL TIME UPDATES

Each storage site is cross-connected with a number of additional technology, allowing us to provide on-demand service. From quoting, services, specific questions, floor plans we can pass the information you need to make a ROI based decision.

GEO-FENCED & GEO-TARGETING

By tapping into the power of GPS live tracking, we create a dynamic digital map of our flexible warehouses. This allows us to provide further subsets of digital tools and secure accessing. With active triggers in place, our certified team of employees can pass you insights to further provide ROI-based Services.

Proof of Business Model

Customer Testimonials

“My 3PL focused transportation company has been using WHSEHub for the last several months and it has consistently been a successful B2B relationship. Working with dedicated account executives allows me to communicate quickly with specific attention to my business.” – Anonymous Customer Survey

"Pedro and his warehouse team are truly dedicated. As a freight forwarder, I go in and out of a ton of storage spaces with none as clean and as organized as WHSEHub's." – Jacob, email response.

“Receiving updates about my cargo- when it arrives and when it ships- brings so much confidence in my storage outsourcing. WHSEHub allows me to focus on other parts of my business without my being concerned about micro-managing” – Anonymous Customer Email

Carrier Testimonials

“Since we started this business, we have been able to count on WHSSEHub for access to storage across the United States. Seeing the technology is one thing, but having it decrease your overall operations costs is amazing. The added cross security is comforting as well. Thank you for your support.” Bing Review

"Assisting me with both my shipping and storage needs, Nam provided me with insightful suggestions allowing me to invest my limited time on other matters; working with them takes so much pressure off my operational team. You guys are the best." Google Review
